Dear Jim & Vickie,

I have sure been enjoying my vacation here this summer, and have been able to do anything I want. This card is from Wagner's "Ring" which we went to in German & English for two weeks. (In case you've never received my first letter) I really have begun to enjoy Opera, and have been listening to some of Dad's records.

Dandi invited Deine and ~~me~~ over yesterday, and we went down to her community club and played tennis off and on for about

2 $\frac{1}{2}$ hours, and then went in swimming at the pool. I really had fun playing tennis and have decided to take lessons again in the fall. Sandi had so much fun at your class reunion, Jim, and said she was sorry you couldn't be there. She had fun talking to ~~Mike~~^{Mike} Sweeny, Mike Riddell[?], and so many of your old friend.

Tonight I am meeting my high school girl friend and we are going out for a drink. I've been going out for lunches etc. so much, that I think I'll be ready to settle down this fall and study and

as you would again for a
while. Of course Mom won't
let me do a thing here.

Dad and I played
duplicate bridge last week
which I really liked.
That is another game I'd
like to take up regularly
but probably not it'd we
move back here.

I'm glad you're having
such a good time back
there. It sounds so exciting
and I sure hope we make
it back. Mike's election
seems to be going o.k.
so far - haven't heard much
out of his opponent.
